City to Kick Off the San Ysidro Community Plan Update

SAN DIEGO – On July 14, 2010, the San Ysidro Community Plan Update Advisory Committee (Update Committee) will hold its first meeting to begin discussing an update to the San Ysidro Community Plan. The Update Committee will provide the City with feedback and advisory recommendations throughout the anticipated two-year plan update process.

The meeting will start at 5:30 p.m. and will be held at 212 West Park Avenue, San Ysidro, 92173 (Recreation Center).

The community plan update will identify a collective vision for addressing the challenges of growth, infrastructure, housing needs, transportation, and public facilities in San Ysidro. The Update Committee will provide a forum for organized participation during the update process. All meetings of the Update Committee will be open to the public and all community members are invited to participate.

The Update Committee consists of a variety of interests from the community including residents, property owners, business owners and representatives, non-profit/community organizations and stakeholder agencies.

The plan update process is estimated to last up to 24 months and will conclude with final adoption of the new community plan, zoning ordinance, local coastal program, and environmental document as well as a potential Redevelopment Plan Amendment to expand the existing redevelopment boundaries.

The public is strongly encouraged to attend and engage in the San Ysidro Community Plan update process. In order to facilitate public participation children are welcome but must be supervised. For more information about the meeting, call Sara Lyons at (619) 236-6368 or email at: slyons@sanidiego.gov.
